
Learning Hub: Suicidal Behavior Competency

The Suicidal Behavior Competency course is in the Mental Health Ally Series. The main topics covered in this course include a discussion on the nature of suicide, its prevalence rates, and an overview of the risks and protective factors associated with suicidal thoughts and behaviors. The course was created using up-to-date statistics from governing bodies and relevant scholarly articles on the topic of suicide. The instructional design is learner-focused and approachable, including reflection activities, live-filmed videos of lived experiences, and engaging animations. Learners will discover the warning signs of those who may be at risk for suicide, as well as ways to connect those at risk to services that can help. *NOTE: We recommend completing Mental Health Competency 1 before beginning this course and any other Mental Health Ally Series courses.*

LEARNING OBJECTIVES

After completing this course, you will be able to describe and employ the following:

1. Summarize the nature of suicide, prevalence rates and the risks and protective factors associated with suicidal ideation and behaviors.
2. Relate the warning signs of those who may be at risk for suicide to ways to connect these persons to national and community services.
3. Describe 3+ ways to practice postvention with suicide attempt survivors and people who have lost someone to suicide.

COURSE COMPLETION REQUIREMENTS

To complete the course, learners must do the following:

- Take the pre-course assessment (no score requirements)
- Review all sections
- Take the post-course assessment (passing score: 85% or higher*)
- Complete the course evaluation

**Learners may attempt the post-course assessment as many times as necessary to receive a passing score.*

MENTAL HEALTH ALLY CERTIFICATION

Psych Hub has partnered with the nation's top subject matter experts to develop a certification training – for anybody. Understanding that everyone has a role to play when it comes to recognizing signs and symptoms of mental health, we have developed our content to ensure that it is easily understandable by anyone, regardless of their prior knowledge. We recognize the benefit of equipping everyone with the ability to learn about critical mental health topics and gain actionable skills to help someone or themselves during difficult times.

Mental Health Ally Master Certification

Once an individual successfully completes all modules in The Mental Health Ally series, they will earn a master certification and receive a certificate of completion as well as a digital badge. The badge can be placed in an email signature block and shared on social media to let people know they are a safe person to talk to when it comes to issues related to mental health, suicide prevention, substance use, and diversity. *Suicidal Behavior Competency is one of eight modules in the Mental Health Ally master certification.*

Mental Health Ally Micro-Certifications

The Mental Health Ally series is also available in stackable learning tracks called micro-certifications, which allow individuals to gain skills and knowledge in subsets of mental health outside of the wider certification. Psych Hub

offers 5 micro-certifications: Mental Health Fundamentals, Substance Use, Suicide Prevention, Diversity and Bias, and Motivational Interviewing. *Suicidal Behavior Competency is one of two modules in the Suicide Prevention micro-certification.*

CONTINUING EDUCATION INFORMATION

For more information on Psych Hub's continuing education programs, email ce@psychhub.com.

Program Goal

The goal of this continuing education program is to provide professionals such as licensed or certified social workers and CCM® board-certified case managers with information on the nature of suicide, its prevalence rates, and an overview of the risks and protective factors associated with suicidal thoughts and behaviors. Please note that this content is introductory, so it is best suited for professionals who are early in their career or looking to ensure that their foundational knowledge is up-to-date and accurate.

Current Approvals

Association of Social Work Boards (ASWB)

Psych Hub, #1750, is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved as ACE providers. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. Psych Hub maintains responsibility for this course. ACE provider approval period: 08/20/2020 – 08/20/2021. Social workers completing this course receive **1.00** continuing education credits.

Commission for Case Manager Certification (CCMC)

This program has been pre-approved by The Commission for Case Manager Certification to provide continuing education credit to CCM® board certified case managers. The course is approved for **1.00** CE contact hour(s). Activity code: **H00044372** Approval Number: **200139286**

To claim these CEs, log into your CCMC Dashboard at www.ccmcertification.org.

CE Credit Calculation

Continuing education credits are calculated by averaging pilot test times, rounded down to the nearest quarter hour. This allows for inclusion of interactive elements (e.g., assessments) and learner variance. However, regardless of pilot test times, the number of continuing education credits will never exceed 2 hours more than the combined video and voiceover length.

Average Pilot Test Length: 1 hour 13 minutes

Combined Video and Voiceover Length: 57 minutes

Timed Course Outline

Since the course is interactive and each learner will proceed at their own pace, timing is not exact. These are approximations based on average pre/post-test time of pilot testers as well as the run-time of course videos and voiceover. This course does not have to be completed in one session.

Course Activities for CE Credit (≥ 1 hour 4 minutes)

- Course Overview & Introduction (4+ minutes)
- A Public Health Emergency (2+ minutes)
- Defining Suicidal Behaviors (1+ minute)
- Language and Stigma (3+ minutes)
- Myths and Facts (1+ minute)
- Prevention and Awareness (11+ minutes)
- Risk Factors (7+ minutes)
- Protective Factors (1+ minute)
- Screening for Suicide Risk (5+ minutes)
- Tips for Communicating With Someone Who Might Be at Risk (12+ minutes)
- Postvention: Dealing with Loss (5+ minutes)
- Knowledge Check (1+ minute)
- Discussion Summary & Course Outro (2+ minutes)
- Post-Course Assessment (9+ minutes)

Course Activities NOT for CE Credit

- Participant Evaluation (5-10 minutes)
- (OPTIONAL) Companion Video and Downloadable PDF Review

Obtaining Certificates of Completion

After reviewing all modules, completing the post-course assessment with a score of at least 85%, and completing the participant evaluation, learners will automatically receive a certificate of completion.

ACCESSIBILITY ACCOMMODATIONS, GRIEVANCES, & REFUNDS

Psych Hub's [Grievance Policy](#), which includes information on filing grievances, requesting a refund, and requesting accessibility accommodations, can be found in the footer of lms.psychhub.com.

COURSE AUTHOR

To submit questions or comments for the course author, email ce@psychhub.com.

Emily St. Amant, MA, LPC-MHSP

Clinical Manager, Psych Hub

Emily serves as the Clinical Manager at Psych Hub, helping to bridge the gap between research and academia to the practical real-life application of theory and therapeutic interventions. She assists the team throughout the content development process by reviewing and creating content to ensure it will resonate with her fellow clinicians and be beneficial to all audiences.

Emily is a licensed professional counselor, mental health service provider. She completed her Master's in Counseling with an emphasis in Mental Health at MidAmerica Nazarene University. She is a Tennessee counseling licensure board approved supervisor and has been designated as a mandatory pre-screening agent.

Before joining Psych Hub, she gained many years of experience in the mental health and substance abuse treatment field, much of which was spent serving as a therapist to a diverse caseload in a community mental health setting. She also has experience in crisis counseling and assessment, intake evaluations for level of care placement, outpatient and inpatient treatment, and utilization review.
