
COURSE: MENTAL HEALTH COMPETENCY 3: SUBSTANCE USE AWARENESS

Substance use and its connection to mental health is a critically important topic. In Mental Health Competency 3: Substance Use Awareness, you will gain insight into some of the most commonly used types of substances, risk and protective factors for substance use, and practical ways you can help someone find support that can lead to recovery. Based on up-to-date statistics from governing bodies and relevant scholarly articles, this course provides a deeper understanding of substance use disorders and various treatment options. The instructional design is learner-focused and approachable to nearly all individuals with an interest in improving their competency in substance use awareness.

NOTE: We recommend completing Mental Health Competency 1 before taking any other Mental Health Ally Series courses.

LEARNING OBJECTIVES

After completing this course, you will be able to describe and employ the following:

1. Describe at least 3 behaviors or symptoms shown by people with substance use disorders.
2. Relate three substances that are commonly used, and the various risk factors that contribute to the development of substance use disorders.
3. Summarize skills that can be used when responding to someone who may have a substance use disorder. The summary must cover communication skills, using the stages of change as a guide, and the various treatment options and forms of support available.

COURSE COMPLETION REQUIREMENTS

To complete the course, learners must do the following:

- Take the pre-course assessment (no score requirements)
- Review all sections
- Take the post-course assessment (passing score: 80% or higher*)
- Complete the course evaluation

**Learners may attempt the post-course assessment as many times as necessary to receive a passing score.*

MENTAL HEALTH ALLY CERTIFICATION

Psych Hub has partnered with the nation's top subject matter experts to develop a certification training – for anybody. Understanding that everyone has a role to play when it comes to recognizing signs and symptoms of mental health, we have developed our content to ensure that it is easily understandable by anyone, regardless of their prior knowledge. We recognize the benefit of equipping everyone with the ability to learn about critical mental health topics and gain actionable skills to help someone or themselves during difficult times.

MENTAL HEALTH ALLY MASTER CERTIFICATION

Once an individual successfully completes all modules in The Mental Health Ally series, they will earn a master certification and receive a certificate of completion as well as a digital badge. The badge can be placed in an email signature block and shared on social media to let people know they are a safe person to talk to when it comes to issues related to mental health, suicide prevention, substance use, and diversity. *Mental Health Competency 3: Substance Use Awareness is one of eight modules in the Mental Health Ally master certification.*

MENTAL HEALTH ALLY MICRO-CERTIFICATIONS

The Mental Health Ally series is also available in stackable learning tracks called micro-certifications, which allow individuals to gain skills and knowledge in subsets of mental health outside of the wider certification. Psych Hub offers 5 micro-certifications: Mental Health Fundamentals, Substance Use, Suicide Prevention, Diversity and Bias, and Motivational Interviewing. *Mental Health Competency 3: Substance Use Awareness is the only module in the Substance Use micro-certification.*

PROGRAM GOAL

The goal of this continuing education program is to provide professionals such as licensed or certified social workers, CCM® board-certified case managers, and national board certified health & wellness coaches with information on some of the most commonly used types of substances, risk and protective factors for substance use, stages of change, and practical ways to help someone find support that can lead to recovery. Please note that this content is introductory, so it is best suited for professionals who are early in their career or looking to ensure that their foundational knowledge is up-to-date and accurate.

CURRENT APPROVALS

ASSOCIATION OF SOCIAL WORK BOARDS (ASWB)

Psych Hub, #1750, is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE)

program. Organizations, not individual courses, are approved as ACE providers. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. Psych Hub maintains responsibility for this course. ACE provider approval period: 08/20/2020 – 08/20/2021. Social workers completing this course receive **1.00** continuing education credits.

COMMISSION FOR CASE MANAGER CERTIFICATION (CCMC)

This program has been pre-approved by The Commission for Case Manager Certification to provide continuing education credit to CCM® board certified case managers. The course is approved for **1.00** CE contact hour(s). Activity code: **H00048971** Approval Number: **210004338**

To claim these CEs, log into your CCMC Dashboard at www.ccmcertification.org.

NATIONAL BOARD FOR HEALTH AND WELLNESS COACHING (NBHWC)

This CE course is approved by NBHWC for **1.00** continuing education units (CEP # 100190). Course Number Approval: **CE-000008-3**.

CE CREDIT CALCULATION

Continuing education credits are calculated by averaging pilot test times, rounded down to the nearest quarter hour. This allows for inclusion of interactive elements (e.g., assessments) and learner variance. However, regardless of pilot test times, the number of continuing education credits will never exceed 2 hours more than the combined video and voiceover length.

Average Pilot Test Length: **1 hour 13 minutes**

Combined Video and Voiceover Length: **1 hour 2 minutes**

TIMED COURSE OUTLINE

Since the course is interactive and each learner will proceed at their own pace, timing is not exact. These are approximations based on average pre/post-test time of pilot testers as well as the run-time of course videos and voiceover. This course does not have to be completed in one session.
